

<p>Personal, Social and Emotional Development</p> <p>We will learn the names of our new friends. We will learn our way around our new school and how to take part in a wide range of activities. Activities and support will be carefully tailored to enable us to feel confident and willing to learn at school.</p>	<p>Communication and Language</p> <p>We will get used to speaking to each other with good manners, including asking for toys with kind words and thanking each other when we are helped. We will complete playful tasks with a teacher who can then identify our individual next steps in understanding and/or speaking.</p>	<p>Physical Development</p> <p>We will learn to name, handle and safely use the equipment in school. This will include equipment requiring fine motor skills such as scissors, a hole punch, a Sellotape dispenser and playdough tools as well as gross motor skills including bikes, scooters, bats, balls and hula hoops.</p>	
<p>English</p> <p>We will start to learn to read and write letters and quickly recall the sounds that they make so that we can begin to read and spell words. We will study the story Owl Babies. We will learn to retell the story using a story map to help us sequence the story. We will act out the story and make up our own versions of this story that we gave to you before the Summer holiday.</p>	<p>Mathematics</p> <p>We will begin to learn to recognise numerals (1-20), accurately count sets of objects and take part in daily activities to support our learning. We will begin to identify and name shapes and learn to use our class timetable to develop our understanding of time.</p>	<p>Understanding the World</p> <p>We will learn about each other as individuals. We will learn about our families, where we live and our new school environment. We will celebrate special events in the lives of our new friends. We will learn to take photographs using our class iPads and use the school laptops to draw pictures of ourselves.</p>	<p>Expressive Arts and Design</p> <p>We will focus on learning how to access our new creative area. This will include how to safely and sensibly use paint, collage, dough, clay and felt tip pens and pencils. We will learn how to take off our own jumpers and cardigans and put on aprons. We will learn to use our CD player to play music and listen to stories. We will use our stage outside to act out Owl Babies and make up our own performances!</p>
