

# Superheroes

## English

This half term we are going to be writing superhero stories and learning about real life superheroes. We will be consolidating our knowledge of tricky words and learning how to spell words that have the suffix -ed and -ing.

Can you write a story about your family as a group of superheroes?

## Science

For our Science sessions we will be super detectives and learn about what our senses are and why we need them. We will learn the names of our body parts and consider how we can look after them through eating healthily.

Can you research what superfoods are and why they are important?

## Maths

In Maths we will be recognizing the written names of numbers, consolidating our number bonds to 10 and exploring addition and subtraction.

How many written number names can you spot around you?

## Geography

This half term we will learn about the different countries that make up the United Kingdom. We will look closely at their human and physical features.

We are also going to be discussing and recording the seasonal changes that we see around us as the year goes on.

Can you make a season diary at home?

## Computing

Superheroes we need you! This term we will be using iPads and laptops to make a superhero movie.

We will also learn about how we can be super safe online.

Can you make a story board for a superhero film?

## History

As our topic is about Superheroes, Year 1 will be exploring real superheroes from the past and learning about the differences they have made to our modern world.

The children will also have the opportunity to choose a person from local history they would like to learn more about.

## Art and Design

For our art and design sessions we will explore the art style of Roy Lichtenstein and famous comic strip illustrators.

We will also design and make superhero costumes using textiles, and make some superfood fit for superheroes!

What does superfood mean?

## PE

This half term the children will be developing their gross and fine motor skills across superhero obstacle courses. The children will extend their ball and balance skills.

## RE and PSHE

The children will have the opportunity to discuss and explore how Christians believe the world was created. The class will consider how we can all look after the world. How can we help each other?
