

Year 3 Learning Map - Autumn 1: Lost in the Jungle

Please upload any home learning completed onto Seesaw to be shared with the teacher.

Home learning ideas and activities:

- Research about rainforests (Geography)
- Practise locating rainforests in an atlas (Geography)
- Paint a picture of a jungle plant or scene (Art)
- Build a mini lean-to or tipi for one of your toys (D&T)
- Go on a walk and identify the different parts of the plants you see. What does each part do? (Science)
- Make a PowerPoint about your favourite jungle animal (Computing)
- Write a poem about the jungle (English)

Reading:

Please read with your child every day and record the books/ pages completed in their reading diaries.

Please ensure you sign the reading record and send it into school daily. Reading at home really enhances their comprehension skills and the progress really shows in lessons.

At home, please encourage your child to discuss what we have been reading in our reading lessons.

Maths Facts!

With your child...

- Recognising numbers to 1000
- 3-digit addition game (attached)
- Using bar models and part-part-whole models.

Lost in the Jungle

Key Places and People

The Amazon Rainforest

The Amazon Rainforest is the biggest Rainforest in the world. Can you find it on the world map on the left? Most of the Amazon Rainforest is found in Brazil. It's a very diverse and important place, but sadly it is at risk of deforestation because of oil palm plantations.

David Attenborough

David Attenborough is a famous conservationist who educates people about nature on our planet. He campaigns to stop and reverse deforestation. He has made many documentaries about the Amazon Rainforest which you can watch to learn more about conservation and deforestation.

Key vocabulary

Biome	A type of environment
Climate	The weather in a particular area
Equator	An imaginary line around the middle of the Earth
Northern	Something facing the north or in the north
Southern	Something facing the south or in the south
Tropical	A warm, moist environment with lots of vegetation
Rainforest	A dense, tropical forest with lots of rainfall
Humidity	The water in the air
Continent	A large area of land such as Africa, Asia or Europe

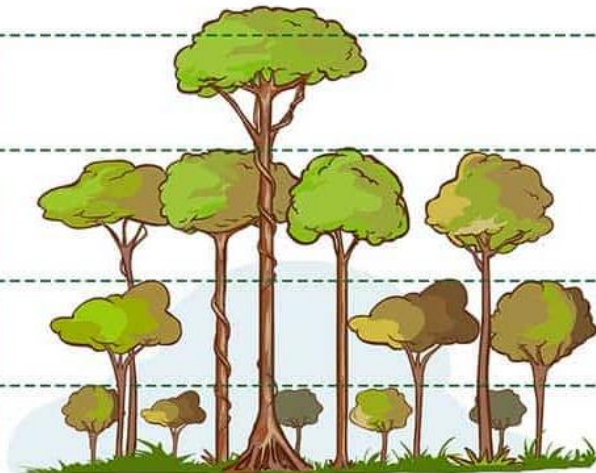

Layers of the Rainforest

Emergent Layer
125 ft (38m)

Canopy Layer
95 ft (29m)

Understory Layer
55 ft (17m)

Undergrowth Layer
15 ft (5m)

Let's Explore!

5 Go for the greatest!

How to play:

Players: 2 to 4

You will need:

- three sets of number cards from 0 to 9
- pencil and paper

- 1 You need three cards for each number.

- 2 Shuffle the cards. Give each player six cards.

- 3 Use the six cards to make as many 3-digit numbers as possible. Write them down.

- 4 Add any two 3-digit numbers. If the hundreds digits add up to 9 or more, choose another two numbers from your list.

The player with the greatest answer wins!
